### “The Precious Gift of Life”—Psalm 139

#### Life Stages

- 1) At Conception
- 2) As We Grow Older
- 3) Life After Death

#### Two Key Questions (For Each Stage)

Do I believe that all life comes from God?

Do I act like this life is a precious gift?

#### Application Points or Action Steps

#### For Further Thought or Discussion

- 1) What experiences have you had that impressed upon you the value of life?
- 2) How does knowing God make your view of life different than those who do not have a relationship with God?
- 3) How is knowing God as the Creator of life a blessing?
- 4) Do people associate being “pro-life” with only the question of abortion? What other aspects of life are affected by a biblical view of life?
- 5) How can we show the love and forgiveness of God to people who have had an abortion or who have sometimes treated life as if it had little value?
- 6) What other applications or action steps could you take from this week’s message?
